

PUTTING SIMPLICITY TO WORK FOR YOU

Simple, Easy to Use Controls. Adjustments are easily within the operators reach. Easy to Read Gauges to Help You Monitor the Drilling Process.

Simple Systems Your Operators and Mechanics Can Maintain and Understand.

No Computer in the System to Fail and Cause Unwanted Downtime Waiting on Electronic Parts and service technicians

Round Carousel Type Rod Changer with 6 + 1 Capacity Simple to Operate with Minimal Moving Parts.

Digital Angle Indicator System to Keep You Straight even in the toughest drilling conditions.

Dry Dust Collector System with Four Easy to Replace and Inexpensive Filter Elements, Optional Water Injection System Available with American Made ASME Pressure Vessel.

Cummins QSC8.3 Engine with Two Year Manufacturer's Warranty. Provides a Dependable, Easily Serviceable Power Pack with the Support of Your Local Cummins Dealer.

Extensive Domestic Spare Parts Inventory along with a knowledgeable Product Support Staff Will Help Keep Your Down-Time to a Minimum.

Standard Features include: Cummins Engine, Yamamoto Drifter (YH135, YH80A), GHH-Rand Compressor, Bosch-RexRoth Hydraulic Pumps, Extendable Boom, Angle System, Rops & Fops, Dry Dust Collector, Air Conditioning and Back-up Camera.

Simplifying Rock Drilling

QUALITY INDUSTRY PROVEN COMPONENTS

Proven and Reliable YH135 Drifter with Unmatched Parts Availability and Simple to Maintain Design. Hole Sizes Range from 3.5" to 5" Utilizing T51 Drill Steel. Optional YH80A Drifter Allows for the Use of T45 Drill Steel and Holes as Small as 2.75" When Required.

YH135: Impact Power 28hp (21kw), Torque 868 ft/lbs, Rotation 120 rpm max.

YH80A: Impact Power 22hp (16.5kw), Torque 427 ft/lbs, Rotation 150 rpm max

GHH-RAND Air-End Delivers 400 CFM of Air at 150 PSI to Clear Cuttings and Power Through Over-Burden. With Over 60 Years of Proven Experience Producing the World's Finest Screw Driven Air-Ends, GHH-RAND is the Industry Leader in Portable Air Power.

The BOSCH-REXROTH Main Pump Provides 41.6 Gallons per Minute to Power the Drifter and Other Hydraulic Systems. The Bosch Pumps Provide a Solid and Reliable Source for the Hydraulic Power for the Rock Commander. BOSCH-REXROTH Has Been Making Contributions to the Rock Drilling Industry For Over 200 Years.

Simple Design Allows for Easy Adjustments and Maintenance That Anyone Can Understand. The Enclosure is Designed with Room to Work. Each of the Rock Commanders Systems can be Easily Accessed and Adjusted in the Well Thought-Out Design. Simple Systems Equal Maintenance Anyone Can Perform. No Technician with a Lap-Top Required.
